New 25' Power-Return Tape with Magnetic Tip

Created for fast and easy one-person measurements, the 916-25RE power-return tape is an absolute must for any professional working with ferrous metal. The 916-25RE has many features including a Rare Earth magnetic tip, an impact-absorbing rubber jacket that protects the case and end hook, and long-lasting nylon coating that reduces blade wear.

Features

Comfortable, non-slip rubber jacket for easy gripping of compact case.

Thick rubber jacket protects case against fall impacts.

True zero feature for accurate inside and outside measuring.

High-visibility orange case for easy locating in work areas and tool bags.

Convenient two-step lock button

- 1st step slows retraction of the blade
- 2nd step holds the blade securely

Rare Earth magnetic tip sticks to iron and steel surfaces for simple one-person measurements.*

Built-in shock absorber to protect blade tip.

Nylon-coated, hardened steel blade resists abrasion and wear for long life.

1" wide blade with oversized, bold black numbers (first 11 inches) for easy reading.

Triple-riveted end hook with bottom blade protector reinforces the blade tip and provides maximum pull-out strength.

Durable steel belt clip for convenience.

**Note: Magnetic strength will vary with different types of metal surfaces.*

Ordering Information

Cat. No.	Description	Blade Length/Width
NEW! 916-25RE	Power-Return Rule – Magnetic Tip	25' x 1"

⚠ WARNINGS:

- Always wear approved eye protection.
- Protect hands when cleaning magnetic tip. Use gloves or cloth.
- Avoid magnetic contact with sensitive electronic or computer equipment.
- To avoid personal injury and damage to this tool, do not allow the tape blade to retract into case at full speed.
- NOT insulated. Do NOT use on live circuits.
- Do NOT open case. Spring motor is under tension, and opening case may cause injury.
