### Klein Speedway Fish Tapes...20% More Fish Tape than Traditional Tapes

When extra distance counts...Pull with Klein's new Flat-Steel *Speedway* and Stainless Steel *Silver Speedway* fish tapes. Available in lengths of 60', 120' and 240', Speedway fish tapes are setting the standard by going to greater lengths. Whatever the job calls for, rely on Klein's complete line of fish tapes and accessories. See for yourself, when compared with other fish tapes on the market, there really is a Klein Difference:

- Extra-large Grip-It™ handle designed to be gripped from different angles, even with a gloved hand.
- Reinforcing ribs, molded into the handle provide secure and comfortable grip.
- Color-coded handles specify type of fish tape: Stainless Steel (gray), Flat-Steel (black), Klein-Flex® (orange), Klein-Lite® (blue).
- 4 viewpoints show how much tape has been used, eliminating guesswork.
- Reels turn easily, in either direction, for one-handed operation.
- Winder reel made of high-impact plastic for durability and smooth operation.
- HI-VIZ® orange case makes fish tape easy to spot on the jobsite.
- Enlarged guide slot allows faster, smoother tape dispensing.

# KLEIN TOOLS

# 20% more fish tape\*...Setting the standard by going to greater lengths!

## Fish Tape Tools

Rely on Klein's new flat-steel *Speedway™* and stainless steel *Silver Speedway™* fish tapes. This new product line gives you 20% more fish tape to ensure you can finish the job. Available in lengths of 60', 120' and 240', Speedway fish tapes go the distance and as always deliver the quality and durability you expect from Klein.

### Stainless Steel

- Available in 60', 120' and 240' lengths.
- Rust resistant for long life.
- Tempered high quality 1/8" wide stainless steel tape.
- Color-coded gray handle quickly identifies stainless steel fish tape.
- Extra-large, break-resistant Grip-It™ handle is designed for comfortable gripping from different angles.
- Tough winder reel withstands impact and reduces kinking, scrambling and jamming.
- Fish tape accepts optional 13-1/2" wound steel flexible leader or swivel ball end.
- High-visibility orange color makes fish tape case easy to spot on the jobsite.

### Flat-Steel

- Available in 60', 120' and 240' lengths.
- Tempered high quality 1/8" wide steel tape.
- Color-coded black handle quickly identifies flat-steel fish tape.
- Extra-large, break resistant Grip-It™ handle is designed for comfortable gripping from different angles.
- Tough winder reel withstands impact and reduces kinking, scrambling and jamming.
- Fish tape accepts optional 13-1/2" wound steel flexible leader or swivel ball end.
- High-visibility orange color makes fish tape case easy to spot on the jobsite.

**Fish Tape Pulling Pliers**  
 Cat. No. D213-9NETP  
 & D2000-9NETP

- 9" High Leverage Lineman's Pliers with Fish Tape Puller.
- Special groove at the hinge grips and pulls flat fish tapes without damaging tape.
- 2000 series cuts ACSR, screws, nails and most hardened wire.
- Induction hardened cutting knives for long life.

**Grip-It™ Fish Tape Puller**  
 Cat. No. 50355

- For standard flat-steel fish tapes.
- Maximizes pulling power and reduces effort required.
- Comfortably fits in your hand, even with gloves.
- Die-cast body provides a lightweight, rugged and durable grip.

## Accessories

**Fish Tape Leader**  
 Cat. No. 50350

- Flexible 13-1/2" leader makes pushing and pulling flat steel tapes easier.
- 3/16" diameter wound-steel cable leads flat tapes through 90° bends and can withstand 500-lb pulls.
- Eye-loop accepts up to five unstripped No. 12 wires.

**Fish Tape Ball**  
 Cat. No. 50351

- Swivel eye-loop for attachment of wires to all Klein flat-steel fish tapes.
- Helps prevent kinks in tape and allows smoother, easier fishing through tight runs.
- Made from black-oxide finished, high-strength steel.

\*Speedway fish tapes are 20% longer than traditional 50', 100' and 200' fish tapes.
