Lineman's Backsaver Belts

Klein Tools has been manufacturing professional hand tools in America for over 150 years. Through the years, as America expanded and the utilities industry grew, Klein Tools established a reputation for manufacturing high quality tools to help linemen do their jobs. The company remains dedicated to making the best hand tools in the industry, and supporting linemen around the world with quality and reliability they can count on every day.

*Gut belt included with backsaver belt.

- **Leather** construction is used throughout, including tool loops, tape thong, pocket tabs and cushioning material.
- **Body Belt strap** - covered in leather - is made of Klein-Kord®, an exceptionally strong nylon fabric that is abrasion-resistant, non-conductive, and flexible.
- **4" (102 mm) lateral movement of D-ring independent of belt and pad.**
- **Meets or exceeds applicable OSHA requirements and ASTM and CSA standards.**
- **Made by Klein Tools in the U.S.A.**

⚠WARNING: It is important that users of this product read, understand, and follow all instructions, cautions and warnings that are attached to and/or packed with this product.

⚠CAUTION: Remember, a backsaver belt is not a substitute for an orthopedic brace and is only designed to provide the wearer additional comfort and support. The actual lineman's belt portion should still be worn around the hips. Do not position the belt lower and attempt to sit in it as you could flip or tip out in the event of a fall.
