# Power-Return Rule – Magnetic Dual-End Hook, Double-Sided Blade

**KLEIN TOOLS**  
For Professionals... Since 1857®

## Fast and Easy One-Person Measurements

Created with the professional in mind, Klein's new Power-Return Tapes with Magnetic Dual-End Hooks allow for quick measurements on ferrous metals and have double-sided blades for precise marking and line drawing. Other professional-grade features include an impact-absorbing rubber molded case, graduations printed on both sides of the rule, and a nylon coated blade for maximum durability.

### Features

Comfortable rubber grip built into case for positive gripping and impact resistance.

Positive blade lock holds blade securely in place.

Nylon coated, hardened steel blade resists abrasion for maximum durability.

Large magnetic end hook for easy measurements on ferrous metals.\*

Large dual-end hook with double-sided blade for easy measurements, markings, and drawings.\*\*

Built-in shock absorber protects blade tip.

Steel belt clip for durability and convenience.

True zero feature for accurate inside and outside measuring.

Double-sided rule for precise marking and line drawing.

Oversized easy-to-read blade numbers.

Triple-riveted end hook with bottom blade protector for maximum pull-out strength.

\*Note: Magnetic strength will vary with different types of metal surfaces.

\*\*Note: Patent pending design.

**▲WARNING:** Always wear approved eye protection.

**▲WARNING:** Protect hands when cleaning magnetic tip. Use gloves or cloth.

**▲WARNING:** Avoid magnetic contact with sensitive electronic or computer equipment.

**▲WARNING:** To avoid personal injury and damage to this tool, do not allow the tape blade to retract into case at full speed.

**▲WARNING:** NOT insulated. Do NOT use on live circuits.

**▲WARNING:** Do NOT open case. Spring motor is under tension, and opening case may cause injury.
