Rechargeable Clamping Fan from Klein Tools® Brings Airflow Wherever Needed

Mar. 21, 2023 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces the Rechargeable Clamping Fan, a portable fan with up to 12 hours of run time designed to keep trade professionals cool on the jobsite all day long.

Rechargeable Clamping Fan (Cat. No. PJSFM2)

- Mounting clamp attaches to studs or conduit
- Convenient hang hole incorporated into the base
- 4 powerful magnets for mounting to ferromagnetic surfaces
- Helps keep you cool all day with hours of runtime:
 - Low: 12 hours
 - High: 5 hours
- Fan cage and arm base rotate 360° to direct airflow
- USB-C charging capabilities (charging cable included)
- Portable and lightweight with a molded handle to easily carry

“Klein Tools’ new Rechargeable Clamping Fan was designed to work as long as you do and keep you cool on the jobsite all day long,” says Maddie Laue, product management specialist at Klein Tools. “The magnets, clamping base and hang hole allow this fan to travel wherever you need to go, easily attaching to various surfaces and giving you powerful airflow wherever it is needed.”
