## Klein Tools® Introduces More Affordable Rechargeable Thermal Imager

**June 27, 2023 (Lincolnshire, Ill.)** – Klein Tools ([www.kleintools.com](http://www.kleintools.com)), for professionals since 1857, introduces the TI270 Rechargeable Thermal Imager, the latest addition to the Klein Tools thermal imaging portfolio offered at a more moderate price point compared to other models.

### Rechargeable Thermal Imager with Wi-Fi (Cat. No. TI270)

- Over 10,000 pixels to troubleshoot hot and cold spots
- Easily capture, store and share thermal images with Wi-Fi capabilities
- User selectable high and low temperature alarms from -4 to 752-Degrees Fahrenheit (-20 to 400-Degrees Celsius)
- Adjustable emissivity from 0.01 to 0.99
- Select color palettes to best capture the event; ironbow, rainbow or grayscale
- Rechargeable lithium-ion battery
- Durable 6.6-Foot (2m) drop test protection
- App is available for free in Google Play™ store and in the App Store

“At Klein Tools we are always looking to offer professionals a wide range of tools that meet both their jobsite and price point needs,” says Elvin Bautista, product manager at Klein Tools. “With the new TI270 Thermal Imager, trade professionals have a tool that can handle their imaging needs at a more moderate price point. The TI270 has over 10,000 pixels and an emissivity range of 0.01 to 0.99, with Wi-Fi capabilities that make it easy to transfer images to the app for saving and sharing.”
