Klein Tools® Launches New Lineman's Hammers with Built-In J-Hook Remover

November 21, 2023 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces the Lineman's Double-Face Hammer and the Lineman's Milled-Face Hammer, both made from forged, tempered steel and featuring built-in J-hook removers to reduce the number of times you need to switch tools.

Lineman's Double Face Hammer (Cat. No. 809-36) and Lineman's Milled-Face Hammer (Cat. No. 809.36MF)

- 2 tools in 1 with built-in J-hook remover
- Designed with an ergonomic handle for extra comfort
- Rugged and well-balanced, with the weight to drive lag bolts
- Overstrike protection feature increases durability and longevity of the hammer
- Forged, tempered-steel head is only 3-3/4-inches (95mm) long for use in tight areas

Lineman's Double Face Hammer
(Cat. No. 809-36)

- Designed for pole-line work
- Identical faces with 1-3/4" (44mm) round-crown driving surface and beveled edges

Lineman's Milled-Face Hammer
(Cat. No. 809-36MF)

- One milled face for driving staples used in pole-line work and common, unhardened nails
- Other face is smooth for driving heavier duty hardware

"The team at Klein Tools is always looking to improve tools to make them multi-functional so trade professionals get the most value in their tools," says Sean Garvey, associate product manager at Klein Tools. "These new Lineman's Hammers both have double faces, as well as built-in j-hook removers, reducing the number of times you need to switch tools. They also feature heads that are only 3-3/4-inches long, meaning they can be used in tight areas."
