Klein Tools® Launches New Mini Cross-Line Laser Levels in Both Red and Green

December 14, 2023 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces both the Red and Green Mini Cross-Line Laser Levels, high-performance laser leveling and alignment tools for professionals with hours of runtime.

Red and Green Mini Cross-Line Laser Levels (Cat. Nos. 93MCLS, 93MCLG)

- Self-Leveling Laser Level has an easy-to-read bright red and green horizontal line with a working range of 35' (10.7 m) (93MCLS) and 50' (15.2 m) (93MCLG)
- Projects horizontal and vertical lines to address various alignment tasks
- Compact and lightweight design is easy to use in tight areas and to store when not in use
- High precision laser project clean lines with accuracy of 3/16" at 30' (9.1 m) (93MCLS) and at 33' (10 m) (93MCLG)
- Auto out-of-level detection flashes lasers when no longer level
- Magnetic mounting bracket screws into integrated 1/4" tripod mount
- Over 18 hours (93MCLS) or 8 hours (93MCLG) of runtime provides enough laser power to ensure extended all day use
- Water and dust resistant with rating of IP54

“Working on professional jobsites, precision and accuracy are key in getting the job done,” says Amy Hart, associate director of product management at Klein Tools. “With both of Klein Tools’ new Red and Green Mini Cross-Line Laser Levels, professionals get a reliable pendulum self-leveling system with bright red (93MCLS) and green (93MCLG) laser level lines. Water and dust resistant, the levels are also equipped with magnetic mounting brackets to make measuring as convenient as possible.”
