New Adjustable Hole Saw from Klein Tools® Makes Hole Cuts Quick, Accurate and Clean

December 19, 2023 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces the Adjustable Hole Saw with Auto-Set Arms, ideal for making quick and precise hole cuts in drywall and ceiling tile.

Adjustable Hole Saw with Auto-Set Arms (Cat. No. 53710)

- Hole Saw quickly and smoothly cuts holes from 2 to 7-Inches (5.1 to 17.8 cm) in drywall and ceiling tile
- Easy to adjust increments of 1/4-Inch (0.6 cm) with an integrated gearing mechanism ensuring pilot bit is always centered
- Spring loaded collar dissipates pressure and helps to keep the mechanism perpendicular to cutting surface for controlled cuts
- Integrated vacuum port accommodates 3 of the most common vacuum hose sizes for on-the-spot cleanup, perfect for finished workspaces
- Durable polypropylene dust bowl keeps drywall debris contained
- No additional tools needed to adjust the hole saw; arms dual-adjust for size
- Can be used in a drill or impact

“Klein Tools’ new Adjustable Hole Saw with Auto-Set Arms is designed to give quick, precise cuts and is equipped with features that are essential to trade professionals,” says Amina Nunn, product manager at Klein Tools. “The tool-free sizing adjustment saves time, and accuracy is improved by the auto-setting arms that ensure the bit is always centered. The spring-loaded collar dissipates pressure, providing for better controlled cuts. Additionally, the durable dust bowl features a vacuum port to ensure that clean up is a breeze.”
