Klein Tools® Launches Tough-Flex Knee Pad Sleeves for Agility and Protection

January 9, 2024 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces Tough-Flex Knee Pad Sleeves, available in four sizes and with a slim, low-profile design that keeps the knee pads close to your body throughout the day.

Tough-Flex Knee Pad Sleeves (Cat. Nos. 60628, 60629, 60630, 60850)

- Unique, low-profile sleeve design keeps knee pad close to the body and comfortable for all-day wear
- TPE cap designed to be tough and flexible for agility and protection when moving side to side on jobsite
- Gel-like foam padding system for prolonged kneeling comfort
- Zipper for easy on/off application while wearing work boots
- Durable, polyester sleeve material for the most rugged jobs
- Elastic cuff with slip-resistant silicone helps knee pads stay in place
- Offered in four sizes for any jobsite or weekend task that puts pressure on your knees

“Klein Tools continues to expand its offering of personal protective equipment with our new Tough-Flex Knee Pad Sleeves,” says Chandler Duchaine, product manager at Klein Tools. “These knee pad sleeves feature a tough, flexible cap on the front for agility and protection on the jobsite, with neoprene and EVA foam padding to provide ultimate comfort for all day kneeling. Additionally, the sleeves feature a zipper to make it easy to put them on and take them off while wearing work boots.”
