Klein Tools® Launches 16 and 25-Foot Compact Tape Measures

January 18, 2024 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces new Compact Lightweight Tape Measures, with a best-in-class compact design to make jobs easier and more efficient.

16' and 25' Compact Double Hook Tape Measures (Cat. Nos. 9516 and 9525)

- Compact and lightweight tape measure design is easy to carry around for all day use and to store in tight spaces
- Durable nylon coating increases steel blade wear resistance and protection in jobsite environments
- Tough, durable blade allows for up to 13' of reach to maximize ease of use
- Blade retraction speed controlled by finger brake; protects fingers from touching the blade
- Double sided imperial scale marking with added architectural scale for versatility to assist in different types of measurements
- 5-Point reinforced housing improves impact resistance and exterior durability
- Uncluttered, easy-to-read bold lines marked on blade every 1/8"

"Klein Tools' new tape measures give professionals the performance and durability they expect from the products they rely on every day, in a compact and lightweight model," says Tim Keller, product manager at Klein Tools. "The Tape Measures have up to 13 feet of reach, plus a finger brake to control the blade retraction speed for extra hand protection and safer retraction."
