Klein Tools® Launches Bluetooth Earbuds Designed for Loud Environments

January 25, 2024 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces the latest addition to the line of jobsite hearing protection, the Situational Awareness Bluetooth® Earbuds, ideal for loud environments and communication on the jobsite.

Situational Awareness Bluetooth® Earbuds (Cat. No. AESEB1S)

- SMART SENSE Bluetooth Earbuds with Situational Awareness keep users informed of their surroundings and ready for action through continuous communication
- Intuitive amplification of low-level sounds enhances speech and promotes clear communication between coworkers
- High impulse, impact or constant sounds are compressed down to a safe listening level of 85dB
- Block up to 26dB with thoughtfully engineered NRR memory-foam tips effectively reducing exposure to damaging sounds in noisy environments
- Experience immersive audio with rich bass, clear mids and crisp treble through the latest Bluetooth® 5.3 technology
- Enjoy 10 hours of runtime on a single charge and 30 hours with charging case for non-stop awareness & music
- Ergonomically designed lobe shaped earbuds keep a close profile to your ear with minimal protrusion
- Earbuds conveniently auto-connect while opening the charging case after initial pairing
- Environmental noise canceling microphones filter out background noise for crystal clear calls in busy environments
- Pocket friendly case with fabric carabiner strap for convenient carrying and storage

“Jobsite safety starts with the ability to identify potential hazards and being able to clearly communicate them with co-workers,” says Anthony Pawula, product manager at Klein Tools. “Our new Situational Awareness Bluetooth Earbuds keep users continuously aware of their surroundings and allow for clear communication. The latest Bluetooth technology provides an immersive audio experience while Situational Awareness prolongs your hearing by dampening high impact, impulse noises. The impressive 10-hour runtime on single charge keeps you connected all-day, and the handy charging case offers an additional 20-hours by conveniently fitting in your pocket or securely clipping to your bag or belt loop via durable carabiner strap.”
