Klein® Tools' New Multi-Tool Enables Seven Different Functions

June 6, 2018 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces the Electrician's Hybrid Plier Multi-Tool, which features seven of the most used functions in one compact tool. When equipped with this every day carry tool, professionals will save time switching between tools, increasing efficiency on the job.

Electrician's Hybrid Plier Multi-Tool (Cat. No. 44216)

- Features seven (7) of the most used functions in one compact multi-tool
 - Wide, knurled plier head easily grabs and twists wires
 - Strips 10-14 AWG solid and 12-16 AWG stranded wire
 - Heavy-duty wire cutting blades provide reliable, consistent cuts
 - 3-inch (76 mm) drop point knife blade is accessible without opening the tool
 - Both the slotted driver and No. 2 Phillips driver tuck neatly in the handle
 - Metal splinter remover stores in the durable aluminum handle
- Liner lock keeps knife blade securely in the open position for increased safety on the job
- Includes: hybrid pliers, wire cutter, wire stripper, pocket knife, No. 2 Phillips screwdriver, slotted screwdriver and metal splinter remover

“Professionals face diverse challenges when traveling from jobsite to jobsite. The Electrician’s Hybrid Multi-Tool provides tradespeople with everything they need in one compact, durable tool to help save time and money on the job,” says Laura Ranieri, senior product manager at Klein Tools. “From cutting, slicing and piercing to driving, tweezing and more, Klein’s new multi-functional tool is a perfect every day carry tool for use across the variety of demanding jobsites professionals encounter day in and day out.”
