Klein Tools® Introduces New Line of Cooling Products to Ease Heat Stress for Pros

May 06, 2020 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces a new line of cooling gear to keep trade professionals cool and comfortable on the jobsite all summer.

Cooling Do Rag, 2-Pack (Cat. No. 60180)

- Made of performance fabric to wick away sweat and moisture from face
- Comfortable and soft to wear under hats, helmets or alone
- Absorbent terry headband
- Elastic band for a great fit
- One size fits most
- Machine washable

Cooling Headband, 2-Pack (Cat. No. 60182)

- Stays soft and comfortable when wet or dry
- Reversible and lightweight material
- Activate/ Reactivate: Soak with water, wring out excess water, snap 3-5 times
- One size fits most
- Machine washable

Cooling Helmet Liner (Cat. No. 60181)

- When activated, cools up to 30-degrees below body temperature
- Wicks away sweat from the head for up to 2 hours when wet
- Activate/ Reactivate: Soak with water, wring out excess water, snap 3-5 times
- Mesh fabric at crown increases airflow
- One size fits most
- Machine washable

Mesh Cooling Towel, 2-pack (Cat. No. 60183)

- Mesh Cooling Towels help you stay cool for up to 3 hours
- When activated, cools up to 30-degrees below body temperature
- Activate/Reactivate: Soak for 1 minute, wring out excess water, snap it a few times
- Machine washable

Cooling PVA Towel, 2-pack (Cat. No. 60230)

- Advances PVA cooling technology
- Feels cooler than ambient air temperature
- Activates quickly; stays cool for hours
- Multi-use; reactivates several times
- Activate/Reactivate: Wet the towel and gently wring out the excess water
- Machine washable

“As we approach the summer months and hot temperatures, maintaining a cool body temperature is essential for workers’ health and safety,” says Craig Fransen, senior product manager at Klein Tools. “Klein Tools’ new line of cooling gear is meant to wick sweat away from the body, keep temperatures down and keep users feeling cool for hours. In addition to being able to be easily reactivated on the jobsite, the products are machine washable to they can be used over and over.”
