## Klein Tools'® New Safety Helmets Designed to Keep Professionals Safe and Comfortable

**Aug. 18, 2020 (Lincolnshire, Ill.)** – Klein Tools ([www.kleintools.com](http://www.kleintools.com)), for professionals since 1857, introduces a new line of Safety Helmets, building upon the same features and attributes of the Klein Hard Hats with a focus on safety, comfort and fit. The new helmets' compact and lightweight design allow easy access to confined spaces and make them ideal for at-height applications.

### All Safety Helmets:

- Compact, lightweight design for at-height and confined space applications
- Low-profile bill for unobstructed visibility, especially when looking up
- Tested to the latest ANSI Z89.1, CSA Z94.3, EN397, and EN12492 standards for top, front/back and side impact, penetration and deformation
- Patent-pending accessory mounts of front and back ensure Klein headlamps attach securely and precisely – no straps needed
- 6-point suspension offers enhanced stability and secure fit, along with an open-frame design for optimal air circulation
- Sweatband & top pad made from sweat-wicking, breathable padding; machine washable
- Large ratchet knob for easy one-handed adjustment – even with gloves on
- Detachable 4-point leather-bound chin strap for long-term comfort and secure fit

**Type I, Class E Hard Hats (Non-Vented)**

- Non-vented design built for electricians, telecom tower technicians, windmill technicians and line crews working at height
- Tested up to 20kV; for use where electrical protection is required

Cat. No.	Safety Helmet Description	Shell Color	Vented	Class
<a href="#">60145</a>	Non-Vented	White	NO	E
<a href="#">60146</a>	Non-Vented with Headlamp*	White		
<a href="#">60147</a>	Non-Vented	Blue		
<a href="#">60148</a>	Non-Vented with Headlamp*	Blue		

**Type I, Class C Hard Hats (Vented)**

- Adjustable vents can be opened or closed for maximum air circulation
- Built for plumbers, carpenters, arborists, and general construction workers who work in tight spaces or at-height job sites that don't need electrical protections

Cat. No.	Safety Helmet Description	Shell Color	Vented	Class
<a href="#">60149</a>	Vented	White	YES	C
<a href="#">60150</a>	Vented with Headlamp*	White		

\*Includes Rechargeable Headlamp/Magnetic Worklight (Cat. No. 56062)

“Klein Tools new line of safety helmets were designed with a focus on three main things: fall protection safety, long-term comfort and ideal fit,” says Shantanu Deshpande, senior product manager at Klein Tools. “Our team took what we already knew from our award-winning hard hats and translated it into these new safety helmets. These helmets feature a low-profile and lightweight design, making them comfortable and easy to wear for extended periods while still providing the protection trade professionals require on the jobsite.”
