Klein Tools[®] New Hard Hats Provide Professionals Safety with All Day Comfort

Sept. 24, 2020 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, has launched an upgrade to its award-winning Hard Hats, designed and built with a continued focus on safety, comfort and fit for trade professionals. All models are now tested and rated for top, front, back, and side impact for added peace of mind without compromising on comfort and fit. The upgraded line features a rechargeable headlamp, hard hat kit models and new colors, offering more choices for different applications.

PROTECTION FROM IMPACT, PENETRATION, AND LATERAL DEFORMATION

KLEIN HARD HATS ARE TESTED TO THE LATEST STANDARDS

TYPE I, CLASS E
 ELECTRICAL PROTECTION UP TO 20KV

TYPE I, CLASS C
 ADJUSTABLE SIDE VENTS HELP MANAGE AIR CIRCULATION

① **ANSI/SEA Z89.1-2014**
CSA Z94.1-15

② **EN12492:2012***:
 4.2.1.2, 4.2.1.3, 4.2.1.4,

③ **EN397:2012+A1:2012**:
 5.2.4

(Shown: SKU 60248: TYPE I, CLASS E)

*This helmet provides LIMITED protection from small objects striking the top, front, back, left and right sides of the helmet. This is NOT an ANSI/CSA Type II helmet.

All Hard Hats:

- Tested to Type-I ANSI Z89.1(2014), CSA Z94.1-15, EN397:2012, and EN12492:2012 standards for top, front/back and side impact, penetration and lateral deformation (See [instructions](#) for details)
- Patent-pending accessory mounts on front and back ensure Klein Tools headlamps attach securely and precisely – no straps needed
- Machine-washable padded sweatband & top pad made of sweat-wicking, breathable materials
- 4-point suspension offers stability and secure fit; and open-frame design for optimal air circulation
- Large ratchet knob for easy one-handed adjustment – even with gloves on
- Large adjustable vents (Class C only) open or close for optimal air circulation in hot and cold weather
- Stacked Klein Tools logo (now on the left side, no coin logo on front)
- New colors added: Blue (Class E: Cap and Full Brim) and Yellow (Class C: Full Brim)

Type I, Class E Hard Hats (Non-Vented)

- Non-vented design built for electricians, linemen, and trades that require protection from live power
- Tested up to 20kV; for use where electrical protection is required
