Klein Tools® Launches 2-Piece Ironworker's Pliers Set for Working with Rebar Tie Wire

June 1, 2021 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces the **Ironworker's Pliers 2-Piece Kit (Cat. No. 94508)**, a set that includes a heavy-duty side cutter and angled-head diagonal cutter, to give trade professionals two great tools at a competitive price.

Heavy-Duty Side Cutters (Cat. No. D2000-7CST)

- Used to twist and cut soft annealed rebar wire
- Heavy-duty cutting knives cut ACSR, screws, nail and most hardened wire
- Knurled jaws for sure wrapping and looping plus spring-loaded action for self-opening

Diagonal-Cutters (Cat. No. D248-9ST)

- Designed for repeated cutting of wire
- Angled head to get into confined spaces
- High-leverage design has 36% more cutting power

Both tools feature:

- “Handform” handles with a hook-bend for added grip and leverage
- Induction hardened cutting knives for long life
- Plastic-dipped handles for comfort and ease of identification
- Custom, US-made tool steel

“In putting together this pliers set, Klein Tools looked to give ironworkers and construction workers two tools that worked together for cutting soft annealed rebar tie wire,” says Adrianna Facchina, associate product manager at Klein Tools. “This set gives tradespeople the best of both worlds, providing two professional grade, American made ironworker’s pliers with the Klein Tools quality professionals know and love at a competitive price point.”
