Klein Tools'® New Magnetic Wire Puller Makes Fishing Wire and Cable Quick and Easy

June 9, 2021 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces the new Magnetic Wire Puller, to help professionals quickly and easily fish wire and cable behind walls or enclosed spaces using rare earth magnets.

Magnetic Wire Puller (Cat. No. 50611)

- Quickly and easily fish wire and cable behind finished walls and enclosed spaces
- High strength rare earth magnets provide strong hold for easy wire and cable pulling
- Magnetic handheld unit features easy rolling mar-resistant wheels, reducing marks on finished walls
- 180° pivot handle with a comfort grip provides easy control and maneuverability
- In-wall unit consists of strong rare earth magnets and flexible stainless-steel leader with eyelet for attaching wires
- Hard plastic carrying case securely stores both units
- Doubles as a metal stud finder with marking notches on all four sides of handheld unit

“Trying to pull cable and wire behind walls and other enclosed spaces can be frustrating and take up a large amount of time,” says Amina Gibic, product manager at Klein Tools. “Klein Tools’ new Magnetic Wire Puller saves time and makes this task easier, using high strength rare earth magnets to fish wire behind walls and other tight spaces. A 180° pivot handle and easy rolling mar-resistant wheels provide control and maneuverability, and additionally this tool doubles as a metal stud finder with marketing notches on all four sides of the unit.”
