Klein Tools® Expands Line of LED Rechargeable Flashlights

Aug. 4, 2021 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces new additions to its line of durable, rechargeable LED flashlights to meet all your jobsite lighting needs.

Rechargeable Waterproof LED Pocket Light with Lanyard (Cat. No. 56411)

- Provides bright lighting in compact light that is small enough for everyday carry
- Durable light is IP67 waterproof and dustproof with a 10-foot drop rating
- Versatile dual-direction pocket clip secures the light low in a pocket or to the bill of a cap for hands-free use
- Tri-color LED battery gauge indicates battery life
- Equipped with Last Mode Memory so the light turns on in the same mode it was turned off
- Slide the collar down for recharging via the included USB-C cable
- Flashlight comes with a removable lanyard to keep the light close by

Rechargeable LED Flashlight with Worklight (Cat. No. 56412)

- Powerful everyday light features both a bright, focused flashlight and a wide-casting worklight
- Magnetic end cap and side-barrel LEDs for hands-free work
- Glow ring locator on the front bezel charges when the flashlight is on
- Durable flashlight rated for a 6-foot drop and is IP66 dustproof and water-resistant
- Removable low-carry pocket clip keeps the light accessible and out-of-the-way
- Equipped with Last Mode Memory so the light turns on in the same mode it was turned off
- Tri-color LED battery gauge indicates the battery life, and the charging collar twists for recharging via an included USB-C cable

Rechargeable 2-Color LED Flashlight with Holster (Cat. No. 56413)

- Features bright white LEDs in both a bright, long-reaching Spotlight and wide-casting Floodlight
- Low-intensity solid red LEDs offer non-blinding night vision, while also providing a long-lasting red strobe option
- Equipped with a magnetic end cap for a hands-free work light
- Easy to carry light comes with both a holster to be secured on a belt or backpack and a removable low-carry pocket clip
- Twist collar for recharging via the included USB-C cable
- Equipped with Last Mode Memory so the light turns on in the same mode it was turned off
- Durable light is IP64 water-resistant and dustproof with a 10-foot drop rating

“The entire new line of LED flashlights is designed to be innovative and built to stand up to the tough conditions encountered on the jobsite every day,” says Laura Ranieri, senior product manager at Klein Tools. “In addition to drop, water and dust protection built in, all three new flashlights feature tri-color LED lights to indicate battery life and Last Mode Memory, so the lights turn on in the same mode they were turned off.”
