Klein Tools® Introduces Updated Tool Kits to Better Serve Trade Professionals

Aug. 10, 2021 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, launches its line of newly renovated tools kits, offering tradespeople a multitude of products to address their various jobsite needs and improve their performance efficiency.

12 Piece Tool Kit (Cat. No. 92003)

28 Piece Tool Kit (Cat. No. 80028)

41 Piece Tool Kit (Cat. No. 80141)

Updated tool kits:

- Include some newer, innovative products for more capability
- Have greater functionality of tools to improve efficiency
- Better fit the needs of today's tradespeople
- Feature a wider range of tools to increase usability

"In redesigning these tool kits, Klein Tools looked to make them more compatible with the diverse needs of today's trade professionals," says Brendan Rice, associate product manager at Klein Tools. "Our team studied feedback from professionals about their needs and improved the tool kits to make them more usable for a wider variety of applications across various trades."
