## Klein Tools® New Ironworker's Pliers Feature Heavy-Duty Grip for More Comfort

**Sep. 14, 2021 (Lincolnshire, Ill.)** – Klein Tools ([www.kleintools.com](http://www.kleintools.com)), for professionals since 1857, introduces the new Slim-Head Ironworker's Pliers with Comfort Grip, which feature a cushioned grip for more comfort during repeated hardwire cutting. Additionally, Klein launches a Comfort Grip Kit ([Cat. No. M200ST](#)), allowing professionals to retrofit their existing Slim-Head Ironworker's Pliers.

### Slim-Head Ironworker's Pliers Comfort Grip, Aggressive Knurl, 9-Inch (Cat. No. M2017CSTA)

- Twist and cut soft annealed rebar tie wire
- Soft, cushioned grip for repeated hardwire cutting
- Extended ribs help maintain control by minimizing hand travel up the plier
- Grip extends beyond plier handle to provide air pocket for increased user comfort
- Better overall hand-feel and ergonomics
- Induction hardened cutting knives for long life
- Hot-riveted joint ensures smooth action and no handle wobble
- Precision-hardened plier head for on-the-job toughness
- Custom, US-made tool steel

“Being able to use tools quickly and comfortably is one of the things that professionals look for in Klein Tools’ products,” says Adriana Facchina, associate product manager at Klein Tools. “These new pliers feature better overall hand-feel and ergonomics, with grips that extend beyond the plier handle to provide an air pocket for increased comfort and extended ribs to help maintain control by minimizing hand travel up the plier. Plus, professionals can get these same benefits on their existing pliers with the Comfort Grip Kit, which includes two comfort grips and two heat shrink bands to retrofit a pair of Klein’s plain handled, Slim-Head Ironworker’s Pliers.”
