## Klein Tools® Expands Insulated Driver Offerings with Additional Lengths, Tips and Set

**Oct. 19, 2021 (Lincolnshire, Ill.)** – Klein Tools ([www.kleintools.com](http://www.kleintools.com)), for professionals since 1857, expands its line of insulated screwdrivers with new lengths and tips, as well as a new 6-Piece Set that includes a Magnetizer.

### All New Insulated Drivers

- Meet or exceed ASTM F1505-16 and IEC 60900:2018 standards for insulated tools
- 1000 volt rated layer of orange impact and flame-resistant insulation
- Slim-tip blades allow for easier access to terminal blocks, slim-style breakers and other tight spaces
- Tips sit flush with shafts to help reduce insulation chipping and cracking
- Cushion-Grip handles for greater torque and comfort
- Tip-Ident® identifies tip type and orientation for quick engagement with the fastener
- Available individually or in 2-Piece ([Cat. No. 33732INS](#)), 4-Piece ([Cat. No. 33734INS](#)) and 6-Piece ([Cat. No. 33736INS](#)) sets

### 6-Piece Set ([Cat. No. 33736INS](#)) includes:

- 5 screwdrivers and a magnetizer
  - 1/4" Cabinet Tip, #2 Phillips in 4" (10 cm) shanks
  - 3/16" Cabinet Tip, #1 Phillips, #2 Square tips in 6" (15cm) shanks
  - Magnetizer

"Klein Tools is always looking to expand our offering of insulated tools to give trade professionals as many options as possible to get the job done while providing protection from energized sources," says Austin Minor, senior product manager at Klein Tools. "These new drivers provide more length and tip options, with the added benefit of protecting against electrical shock. The new 6-Piece Set brings together all these drivers along with a Magnetizer, making this set a must-have for any electrician's tool bag."
