Klein Tools® Expands Line of Jobsite Audio Accessories with New 28dB NRR Bluetooth Jobsite Earbuds

Feb. 15, 2022 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces new Bluetooth® Jobsite Earbuds to confidently protect your hearing and deliver clean, balanced audio both on the jobsite and on the go.

Bluetooth® Jobsite Earbuds (Cat. No. AESEB1)

- Noise Reduction Rating (NRR) 28 decibels
- Seamlessly stream high quality stereo audio
- Interchangeable memory-foam tips provide hearing protection; Silicone tips can be switched out for casual listening; both sets include S/M/L sizes for best fit
- Easy one-step pairing via trusted Bluetooth 5.0
- Built-in microphone for hands-free calling
- 15-hour total run time (with charging case)
- IP67 rated: dust and waterproof (earbuds only)
- Includes USB-A to USB-C cable for convenient charging

“One of the main causes of hearing loss is loud sounds and overexposure to noisy environments such as construction sites,” says Anthony Pawula, product manager at Klein Tools. “Klein Tools’ new Bluetooth® Jobsite Earbuds have an NRR of 28 decibels, meaning they offer the necessary hearing protection to continue working without damaging your ears, preventing premature hearing loss. Not only that, but these earbuds deliver clear, crisp sound and have a built-in microphone, so you can listen to music and take calls without slowing down on the jobsite.”
