Klein Tools® Launches New Range of Professional Hammers

Apr. 20, 2022 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces a new lineup of Electrician’s Hammers, made of high-strength steel and fiberglass for optimal shock absorption. All hammers also feature a hang hole for tethering ability or hanging storage.

Electrician’s Hammers

- [H80718 Straight-Claw Hammer](#) includes a claw pulling feature for NM-B (Romex®) staple removal
- High-strength fiberglass core for maximum shock absorption
- Forged steel heads with smooth faces for reduced marring
- Durable, non-slip grip for superior comfort
- Hang hole in each handle for tethering ability and hanging storage
- Compact and lightweight for frequent use
- Available in a variety of length and head weights

Cat. No	Type	Overall Length	Head Weight	Features
