

## Klein® Tools Packs Santa's Sleigh with Must-Have Tools and Toys for the Holidays

November 30, 2016 (Lincolnshire, IL) – Klein Tools (<http://www.kleintools.com>), for professionals since 1857, has been hard at work developing new tools and toys for good boys and girls ahead of the holidays. From backpacks to bags, and from speakers to soft-coolers, here are the items that make the top of every wish list.

### Tradesman Pro High-Visibility Tool Bags

The newest additions to the Tradesman Pro line are tool bags with reflective outer strips for working on low-light environments and high-visibility interiors to easily find your tools.

[Zipper Bags \(2-pack\)](#)

### Tradesman Pro Pouches and Belts

Also new to the Tradesman Pro line are a series of tool pouches designed to be interchangeable for electricians to customize their tool belt storage.

[15-Pocket Tool Pouch](#)  
[9-Pocket Tool Pouch](#)  
[6-Pocket Tool Pouch](#)  
[Small Maintenance Pouch](#)  
[Knife Holder](#)  
[Tool Pouch Apron](#)  
[Padded Tool Belt](#)

### Tape Measures

Klein's new [Tape Measures](#) feature easier-to-read markings and added durability. The tape blades have patent-pending bold lines every 1/8", extra-large bold numbers, and a handy Conduit Multiplier Bending Table printed on the back of the blade. A retraction speed brake controls the blade speed without having to touch your fingers to the blade, and magnetic end hooks have dual angle polarity for attaching to conduit and steel studs.

### **Aluminum Billet Levels**

These new professional-grade billet aluminum levels feature a patent-pending design that permanently locks the ultra-powerful rare-earth magnets to the level. They are also precision machined for high-accuracy leveling and feature easy-to-read vials with top-view windows. High-visibility orange color won't get lost on conduit.

### **9" Angled-Head Diagonal-Cutting Pliers**

The extra-long handles and high-leverage design of the [9" Angled-Head Diagonal-Cutting Pliers](#) provides up to 67% more cutting power. It can cut ACSR, screws, nails and most hardened wire, and features an angled head for work in confined spaces.

### **Journeyman Gloves**

Four new glove designs made from high-quality high-tech materials for protection, dexterity and extreme functionality. All gloves are available in medium, large and extra-large sizes.

- [Cut 5 Resistant Gloves](#) – CE CUT LEVEL 5, CE Category II For Intermediate Risk, TPR on back of hand and dipped for extra protection, neoprene wrist closure for comfort.
- [Leather Utility Gloves](#) – Open cuff for quick on/off, Durahide palm and leather first fingers, stretch back for extra comfort and flexibility
- [Wire Pulling Gloves](#) – Great gripping ability, slim fit for better dexterity, touchscreen capability on index finger, neoprene wrist closure for comfort
- [High-Dexterity Touchscreen Gloves](#) – Touchscreen capability on entire palm, all fingers and first knuckles, slim fit for extra dexterity, comfortable for light duty tasks

**Wireless Jobsite Speaker**

This [compact jobsite speaker](#) can be connected wirelessly through Bluetooth or through a wired auxiliary input. It comes with a built-in speakerphone that can answer calls hands-free and has a 10-hour battery life. The speaker has a magnet on back for attaching to metal surfaces. It can also be attached to the Tradesman Pro Lighted Tool bag or a tripod.

**Tradesman Pro Soft Cooler**

Klein Tools is introducing jobsite storage...for your lunch! The [Tradesman Pro™ Soft Cooler](#) can stay cool for up to 12 hours and there is additional storage for keys, napkins, medicine, utensils, etc. It has a double-thick, leak-resistant anti-microbial liner and a fully-molded bottom to protect from the elements.
